

Dear Sargent and Princeton Alley Neighbors!

Good news. The side east of Kenneth Street now has 22 out of 24 households with Berquist Disposal. That means fewer trucks going up and down the alley...and we're supporting a genuine mom and pop business.

The side west of Kenneth Street is looking promising, too. Two households have switched to Berquist in December; another plans to do so in January. There are now about 8 households with Berquist.

Join the fun...and support the environment and our local economy.

You can reach Berquist Disposal directly at 651.699.2442. Ask for Bonnie (Jim's wife) or Kristi (Jim's daughter-in-law). They are nice folks and have been serving St. Paul for many years.
